

leaves

Step 1: Draw the center stem with a few branches coming off the stem.

Step 2: Draw in the leaves.

Step 3: Use a smaller tip pen to draw in the center detailing.

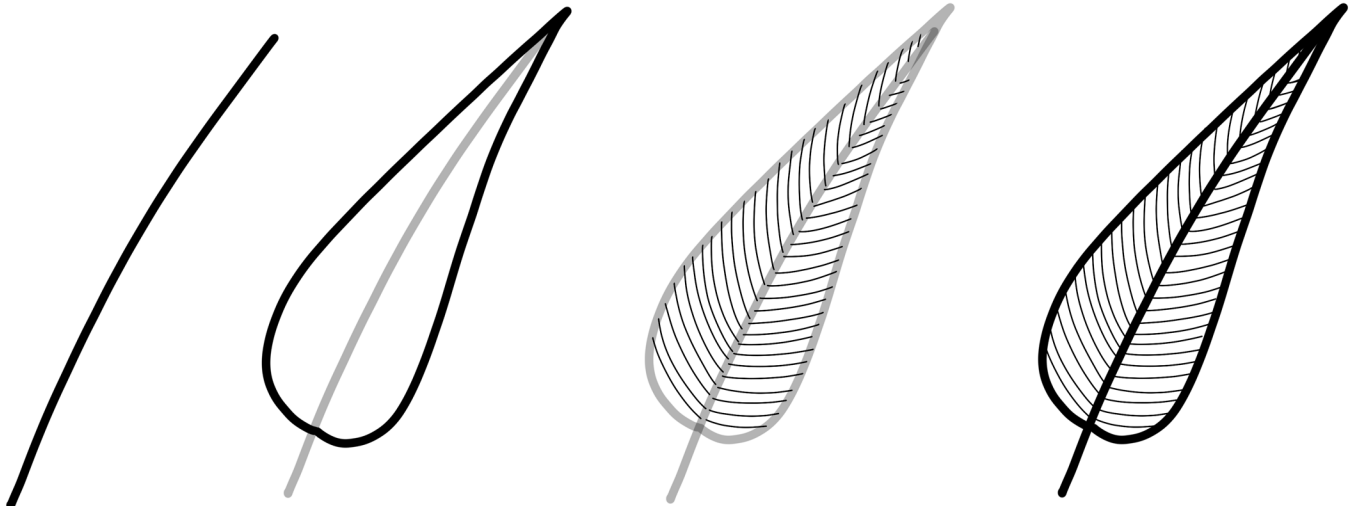

Step 1: Draw the center stem with a few branches coming off the stem.

Step 2: Draw in the leaves and berries. Leave a crescent moon shape open to appear like light reflecting off the berry.

Step 3: Fill in half of the leaves with ink.

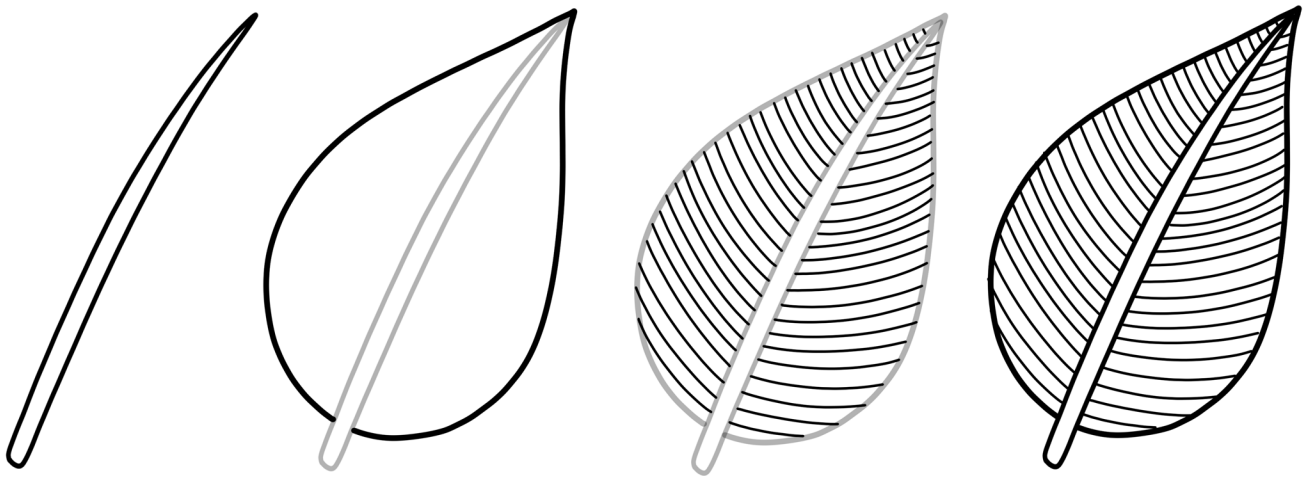

leaves

Step 1: Draw the center stem of the leaf.

Step 2: Draw a long skinny leaf around the center stem.

Step 3: Use a smaller tip pen to draw in the veins of the leaf from the center of the stem outward.

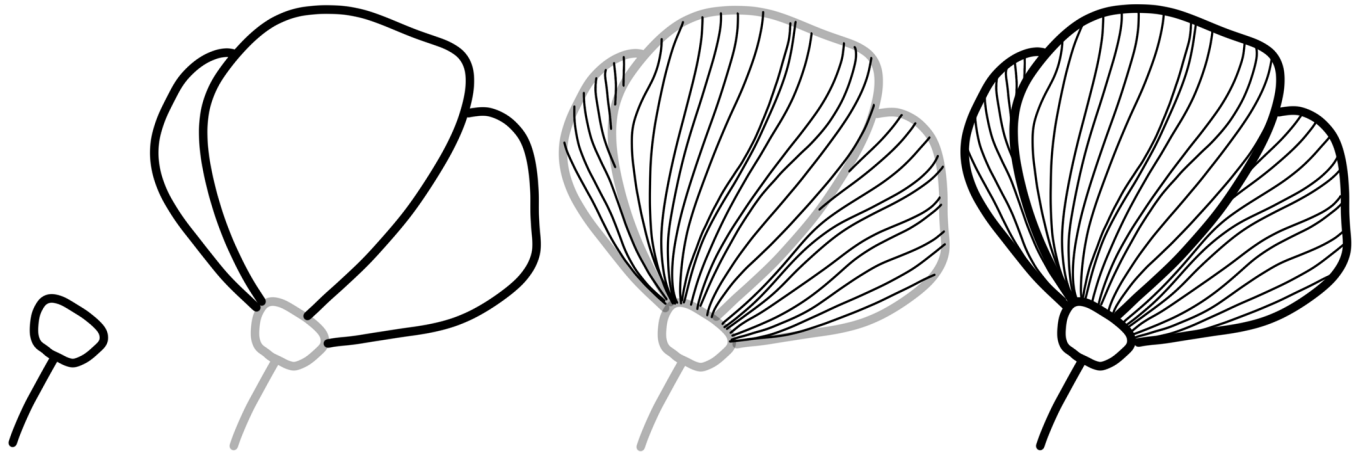

Step 1: Draw a stem with an open center. Close one end of the stem at a point.

Step 2: Draw a rounded leaf with a pointed tip.

Step 3: Use a smaller tip pen to draw in the veins of the leaf from the center of the stem outward.

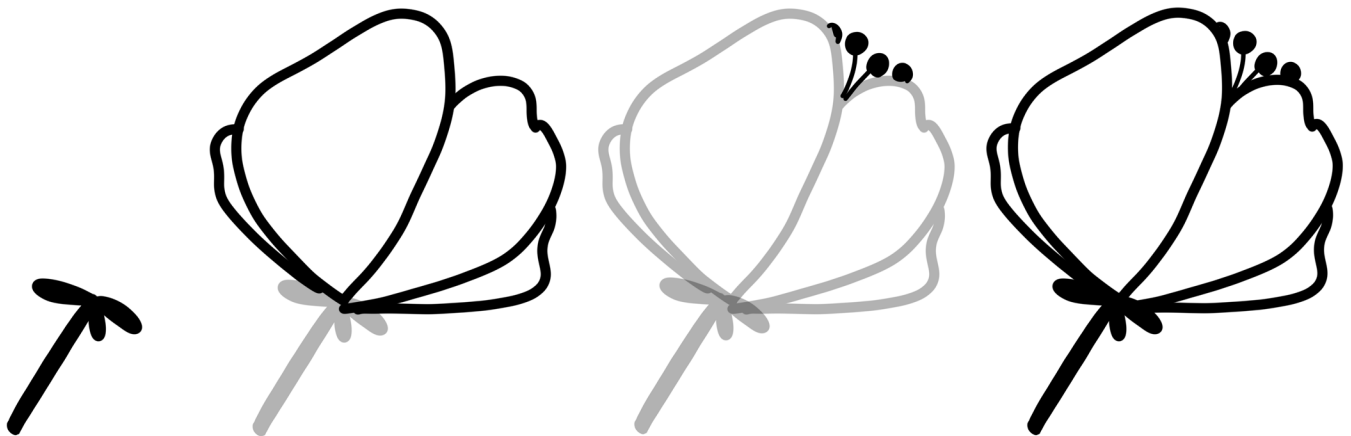

flowers

Step 1: Draw in the stem and base of the flower. The base should look like a rounded trapezoid.

Step 2: Draw in the petals of the flower. Draw the center petal first and then add the petals to the left and the right.

Step 3: Use a smaller tip pen to draw lines from the base of the flower towards the top of the petal.

Step 1: Draw the stem with a few small leaves.

Step 2: Draw in the petals, starting with the two large center petals. Draw in the smaller petals on both sides..

Step 3: Add some stamen to the top of the flower.
